

# DIG IT!®

THE NEW ATTRACTION FROM **JCB**

Each Dig It! Entertainment centre encourages activity, team work, learning by doing and most of all fantastic family fun for everyone.

#### Key Facts

**Size:** 400sqm – 5000sqm

**Cost:** £700k - £2.5 million

**Age:** Under 14

**Typical ROI:** 2 years

Paragons partnerships with world-class brands, combined with our in-house expertise in design and build means we deliver premium quality, versatile, modular, profitable, engaging and great value for money attractions for a wide variety of venues and demographics.

All elements of the operation are modular so can be designed to fit many variations of layout, or suited to a specific capacity requirement.

We start by using 3D design software to materialise, blueprint, design and engineer your JCB Dig It! centre using the highest quality materials.

Once you are happy with your JCB Dig It! design our installation team will deliver and install it and also offer staff training.
